ML2021Spring HW4 Report

<Economics> <李祖福>

<r09323036>

Public Score	Private Score
0.97119	0.97111
0.96500	0.96611

The methods I used to pass the strong baselines include:

1. Method A
2. Method B

Method A parameter:d_modle = 320, nhead = 2, total_stape = 1,000,000. The rest of the code is the same as the sampl code.

Method B parameter:d_modle = 360, nhead = 1, total_stape = 1,000,000. The rest of the code is the same as the sampl code.
